

Nervous Indigestion

The action of digestion is controlled by nerves leading to the stomach. When they are weak, the stomach is deprived of its energy. It has no power to do its work. If you want permanent relief, you must restore this energy. Dr. Miles' Nervine restores nervous energy, and gives the organs power to perform their functions.

"For many years I was an acute sufferer from nervous indigestion; at times I was so despondent life seemed almost a burden. I tried all kinds of remedies and various physicians with little or no relief, until one night last summer I saw Dr. Miles' Nervine and Heart Cure advertised. I resolved to make one more trial which I did in the purchase of one bottle of Nervine and one of Heart Cure. In a few days I began to feel better, which encouraged me so much that I continued the medicine until I had taken more than a dozen bottles. I am very much improved in every way; in body, mind and spirits since I make a special point to recommend the medicine, and I feel a sincere pleasure in knowing that several persons have been benefited through my recommendations."

A. S. MELTON, Asheville, N. C.
Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Barber No. 2765.

FOR SEASON OF 1907.

Barber No. 2765, the well known German Coach Stallion, will make the season of 1907 at (\$20.00) twenty dollars to insure a colt to stand up and suck, money due when the fact is ascertained or the mare transferred. Barber will be found at Hartford Fair ground on Monday, Tuesday and Wednesday of each week, Centertown, Ky., on Thursday, Friday and Saturday.

As a coach horse, Barber has no superior in the State, and we think this is the horse the farmers need, as it becomes necessary for them to patronize a large breeder and raise large stock, for this is what the market demands, and if you have something that suits the market, you have no trouble in selling it. Barber served 73 mares last season and must make 100 this season.

As to Barber's natural style, size, action, color, individuality and his extra gentle and sensible qualities, which he transmits to his offspring, and his far superior breeding qualities, proof of which is established by him, being thoroughbred in every respect, we feel safe in saying to one and all that, all things considered, we regard him by far the best stallion in the State for all classes of mares.

Barber is a red bay, 4 years old, extra fine set of black legs and splendid feet, over 16 hands high, weighs in medium flesh 1250 pounds, has good disposition as a family horse and is as sound as a silver dollar. We will gladly do business with our old patrons and hope to have many new ones with good mares this season. Ask to see him when in town. Care taken to prevent accidents, but not responsible should any occur.

We will on September 1, 1908, offer a premium of \$50.00 in gold to the owners of three of the best colts sired by Barber 2765, in the season of 1907—\$25.00 to the first, 15 to the second and \$10.00 to the third. Yours respectfully,
Centertown Live Stock Co.
S. B. MYERS, Keeper.

CLEARED UP

Is the Brownsville Shooting Affray by One of the Discharged Troops.

Galveston, Tex., March 18.—The mystery surrounding the murderous midnight raid of the negro soldiers from the Twenty-fifth Infantry upon the people of Brownsville, Tex., on August 13th last year, has been cleared up. A full statement has been made by one of the discharged negroes to two representatives of the Galveston News.

After seven months of investigation by the authorities of the United States, during which time the most searching inquiry has failed to shake the testimony of the negroes, that they did not commit the outrage, what appears to be the true version of the crime has been secured from one of the discharged soldiers, who admits that he actually participated. The man has been living in Galveston a large portion of the time since he was discharged, without honor, from the military service of the nation, which he swore to serve honorably, and is still in the city.

According to the statement made to the reporters, the outrage was not premeditated, but was the result of an alleged injury done one of the soldiers by a white man in Brownsville about a half hour before the raid was made. The negro was struck by the white man at a resort in Brownsville. The negro returning to the barracks, seized his rifle and announced that he was going to kill the white man. Several of the negroes promptly volunteered to go along and see the work was well done and to wipe out old scores which they had against the citizens on account of injuries which they claim to have suffered.

The negroes returned to the barracks after committing the assault on the town, and many soldiers assisted in the inspection which followed soon after the shooting in the town ceased. Apparently the soldiers from only one company participated in the raid, although practically the entire battalion knew the soldier had done the shooting.

Many of the negroes belonging to this battalion existed in Galveston during the summer of 1906 and returned to the city after being discharged from the army. Knowing there was a story in some of the returned soldiers, a News reporter has been working on them for two months but with poor success, because the negroes had been advised by local negro politicians to avoid newspaper men.

Another reporter was assigned to the story and met with success through the fact that the negro jumped at the conclusion that he was a United States Secret Service detective and let the secret out for obvious reasons.

The man who talked to the reporters gave his name as B. C. Gray, and stated he was formerly a private in Company B of the Twenty-fifth Infantry. He is a man of apparently twenty-nine years, and is about 5 feet 10 inches in height and of copper color. He is a big, strong individual, and is a model in physical build.

In Memoriam.

Resolutions adopted by Ceraulo No. 40, O. E. S. to the memory of our departed sister, Miss Una G. Fulkerson, who died at her home in Ceraulo, Ky., March 5, 1907.

Whereas, The white-winged messenger has entered our chapter and broken our golden chain by removing our beloved sister, Una G. Fulkerson, we bow in humble submission, knowing that God doeth all things well, believing in the sweet assurance of

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

Dr. Shoop's Restorative

J. H. WILLIAMS.

Him who said, "I am the Resurrection and the Life, whosoever believeth in Me shall never die."

Resolved, That in the death of our sister, our chapter has lost an esteemed and faithful member. That we hereby extend to the family of our deceased sister our sincere and heartfelt sympathy in their great affliction.

That in token of our respect and sorrow our chapter be draped in mourning for thirty days.

That these resolutions be spread on the records of our chapter, a copy be sent to the family and one to the Masonic Home Journal and each of the county papers for publication.

EASTER.

How the Date Has Been Fixed in History and the Meaning of the Word.

The method of determining the date of Easter was prescribed by the Council of Nice, A. D. 325. It was determined that Easter must always fall on the first Sunday after the fourteenth day of the moon that happens to be reigning at the time of the vernal equinox. Then it was declared that the date of the equinox should be arbitrarily made March 21, although it really comes sometimes a little earlier or later than the 21st. If the equinox moon were 14 days old on March 21, and that day should fall on Saturday, then the next day would be Easter. The festival may thus be as early as March 22 or as late as April 25.

The name "Easter" is, in all probability, derived from Ostara, Ostere or Eastre, the goddess of the heathen Saxons. The month of April was dedicated to her and was called "Eastermonath" among the Saxons and Angles, and is still known in Germany as "Ostermonat."

The Christian Easter was originally a sort of Thanksgiving celebration, lasting eight days, the same period devoted by the Jewish people to their Passover, and by the pagans to their spring festivities in celebration of the reawakening of nature after the long sleep of winter. The eight-day Easter was later cut down to three days, then to two, and finally to one, commemorative of the resurrection of Christ.

Easter fell on March 22 in 1761 and 1818. It will not come on that date in this century, but it will fall on March 23 in 1913. It will fall on April 25 in 1943.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by Gross Williams.

"Will Man Travel Through the Air?" Yes, and Soon.

Mr. Ishmael Brown (of the Peak district, reading on his way to the station)—Fifty thousand dollar prize for an aeroplane. Dear me, we shall soon be traveling through space!—Sketch.

Never a Finished City.

No man now living can expect to remain on earth long enough to find the finished city, or the city that is admittedly governed upon ideal principles. New views enforce new conditions, and it is forever to be seeking after something better. This country has a great many towns that are said to be finished, but they do not play any important part in the nation's doings. Some things when finished are useless. With nothing to do or to fight for "zeal" and "ambition" would be stricken out of the dictionaries.—Wilmington (Del.) News.

The Class in Chemistry.

Schoolmaster (at the end of object lesson): "Now can you tell me what is water?"

Small and Grubby Urchin: "Please, teacher, water's what turns black when you puts your 'ands in it!"

The Spirit of Easter.

AN EASTER THOUGHT.

Let the light divine, victorious,
Put all error shades to rout;
Let the shining white Truth-angel
Roll away the stone of doubt.

Enter into realms of beauty,
Claim a life which never dies;
From the tomb of self, all-glorious
Let the precious Christ arise.

Recognize the living presence
Of the Saviour's love for you;
Understand the inner meaning
Of the resurrection true.

—Wildie Thayer.

THE EASTER MESSAGE.

Glorious Easter morn so fair!
Alleluias fill the air.
Making hearts and voices sing
With a new and joyous ring.
Long have dreams of death and strife
Held dominion over life;
Now a happier, brighter day
Sheds its radiance on our way.

Lilies sweet perfume the air,
Emblems of that life so fair
Which shall make our earth to shine
With a glory all divine.
Love shall reign in every heart,
Wisdom be the "better part."
Earth an Eden once again,
Fitting home for God-like men.

Out of darkness into light;
Clearer vision, purer sight;
Gone all sense of death and gloom,
Banished terrors of the tomb;
Borne aloft on pinions light,
Dwelling now in mansions bright,
Evermore our song shall be,
Life immortal, full and free.

Kate L. Gray.

What Happened to Sam.

There was a young fellow called Sam,
Who closed the door with a slam;
His aunt said "Dear me!"
And his sister said "Gee!"
But his father, he only said—
"Samuel!"

Mollycoddles.

The New York World thus defines the term "Mollycoddle," which has attracted much attention since President Roosevelt used it in an address to the Harvard students on Washington's Birthday:

Mollycoddles are the male gender with "sissy" fascinations. In some European countries they are designated "tum-tums" (nondescripts). Mollycoddles are rare on farms, because when a rural boy has finished at school his father puts him to work to make him an industrious, self-supporting, virile man. Mollycoddles are the city-bred products of parents of wealthy people, and have the erroneous belief that their lazy sons are genteel.

Mollycoddles are cigarette fiends from early boyhood, and being "mommer's" pets, do anything they like except work, preferring to sponge their way on relatives and acquaintances.

Mollycoddles are ripe at twenty, when they begin to hang around theaters in active chase of a share of the chorus or ballet girl's meager earnings.

Such is the method of the Miss Nancy unmarried mollycoddles. There are married mollycoddles, but these are too despicable for description.

Hanged for Son's Crime.

Sheriff Denny, of Otero county, New Mexico, arrested to-day at Estes City, William Mitchell, alias Henry Russell, a stockman, charged with murder committed in Hood county, Texas, 33 years ago.

It is alleged that Mitchell allowed his aged father to be convicted and hanged for a crime in 1874 upon the testimony of a rancher, who recently admitted on his death bed that the old man was innocent of the crime, and who said that his son was the guilty man.

Mitchell, Sr., was 80 years old when he was hanged. Mitchell, alias Russell, has been taken to jail at Alamogordo to await the arrival of officers from Texas.—Albuquerque (N. M.) Cor. New York World.

Slump of the Honeymoon.

They had been married just seven months by the almanac.
"Tomorrow," she announced, "will be my birthday. What are you going to get for me, George?"
"I haven't the least idea, my dear," replied her husband. "I read in last night's paper about a man who got a second hand overcoat and \$2 for his wife, but I'll probably not be so lucky."
—Chicago News.

A Church From One Tree.

A large Baptist church that stands in the city of Santa Rosa, Cal., enjoys the distinction of having been constructed entirely from a single tree. Of course that includes the woodwork of the structure. The tree from which the timbers, lumber and shingles

Respect YOUR Stomach

GIVE it food that will not irritate or retard the performance of its natural functions, and it will reciprocate in a way agreeable and comforting.

No single ingredient contributes so largely toward wholesome, nourishing, agreeable food as Royal Baking Powder.

Royal Baking Powder's active ingredient, Grape Cream of Tartar, is the most healthful of the fruit products.

This is why Royal Baking Powder makes the food finer, lighter, more appetizing and anti-dyspeptic, a friend to the stomach and good health.

Imitation Baking Powders Contain Alum

"The use of alum and salts of alumina in food should be PROHIBITED. The constant use of alum compounds exerts a deleterious effect upon the digestive organs and an irritation of the internal organs after absorption.

"EDWARD S. WOOD, M. D.
"Professor of Chemistry
"Harvard Medical School, Boston."

ROYAL BAKING POWDER CO., NEW YORK

were cut was a giant California redwood. A considerable quantity of the lumber was left over after the church building was completed. The building has a spire 70 feet high, an audience room capable of seating 300, a parlor capable of seating 80, a pastor's study 14 by 20 feet, a vestibule and toilet room. The building is 35 by 80 feet. There are not many buildings in the country all the timbers of which came from a single tree.

Listen,

And remember the next time you suffer from pain—caused by damp weather—when your head nearly bursts from neuralgia—try Ballard's Snow Liniment. It will cure you. A prominent business man of Hempstead, Texas, writes: "I have used your liniment. Previous to using it I was a great sufferer from Rheumatism and Neuralgia. I am pleased to say that now I am free from these complaints. I am sure I owe this to your liniment." Sold by J. H. Williams.

CASTORIA.

The Kind You Have Always Bought Bears the Signature of

Master Commissioner's Sale.

Ohio Circuit Court, Kentucky.
Alney Ford, Plaintiff,
vs.
D. F. Miller, Admr. &c., Defendants.
By virtue of a judgment and order of sale of the Ohio Circuit Court, rendered at the March term, 1907, in the above cause for the sum of \$500.00

with interest at the rate of 6 per cent, per annum from the 1st day of March, 1903, until paid, subject to the following credits, \$3.36 paid December 24th, 1905, and \$50.70 costs herein, I will offer for sale by public auction at the court house door in Hartford, on Monday, the 1st day of April, 1907, about 1 o'clock p. m., upon a credit of six months, the following described property, to-wit:

A certain tract or parcel of land in Ohio county, Ky., known as the lot No. 1, of the Foyte Ford survey, bounded as follows: Beginning at a stake on the Paradise and Hartford road, E. G. Hunley's corner; thence with said Hunley's line along said road N. 3. E. 103 poles to a stone in Graves line; thence with Graves' and Cummings' line N. 86 1-2 W. 193 poles and 15 links to a stone in Cummings' line and corner to lot No. 2; thence with line of lot No. 2 S. 2 W. 192 poles by the well to a stone witnessed by a sweet gum, pointer in Wm. Shull's line; thence with Shull's line S. 86 1-2 E. 191 poles to the beginning, containing 65 acres, more or less, or sufficient thereof to produce the sums of money ordered to be made.

The purchaser will be required to execute bond with approved security immediately after sale.

This 11th day of March, 1907.
F. L. Felix,
Master Commissioner.
J. E. Fogle, Attorney. 11-13

Is This Hot Enough for You?

Guthrie, Okla., March 20.—All heat records of Oklahoma were broken when the thermometer this afternoon registered 102 in the shade. The unusual heat was accompanied by a stiff breeze. Reports from all over the territory are of a like nature. At Oklahoma City the mercury reached 97, and at Thomas 93.
